BAD FIRE PREVENTED BY USE OF CHEMICAL WAGON

Conflagration In Store of
William Moss at Noon
Today.

DAMAGE IS NOT LARGE

Total Will Probably Not Be More
Than \$75 or \$100—Firemen
Work Fast.

But for the prompt use of the new combination chemical and hose wagon when flames broke out at 12:40 o'clock today in the store of William Moss on the first floor on the Odd Fellows building, a serious fire would have been the result. As it was the damage was confined to under \$100, covered by insurance.

The fire originated from a stove in the rear of the store room, it is supposed, having become overheated, while the clerk, a young lady, was at lunch and combustible near the stove contracting the flames. The firemen were called out immediately, and although hindered by the voluminous smoke which issued from the interior of the store, succeeded in getting the chemicals playing on the fire. These extinguished it in short order, with comparatively no damage to the building, and only a few goods in the immediate vicinity of the stove being damaged. Insurance was carried on the stock through the agency of John McKean.

This was the first occasion for the new chemical wagon to be brought into real use as a property saver, and today it proved all that has been said of it. The fire was extinguished at the time it was. The building, which is at the corner of Washington avenue and Fifth street, is an old one and if a fire would get a good start it would burn like tinder.

BAD NEGRESS GETS MEN IN WRONG

Two men were arrested late Tuesday night by the police in Cherry alley near Fourth street, on a charge of disorderly conduct. Both were white. There was a colored woman in the case, she having enticed the two men and another one, it is alleged, that got away, into the alley for immoral purposes and to relieve them of their valuables.

Each posted a forfeit of \$5.00 for their appearance this morning, but failed to appear. No trace could be found of the colored woman afterwards. It is said that she is one of several women working a slim-flam game in Charleroi.

MILK ORDINANCE MADE READY BY COMMITTEES FOR FINAL ACTION

Meeting Held In Fallowfield Township Last
Night—One or Two Points to be
Agreed Upon Yet.

The committee of council consisting of H. S. Peirce, J. Frew, and C. O. Frye, and the one from the Fallowfield Milkmen's Association, consisting of S. F. Nelson, W. A. Sphar, and Joseph Behrens, met last night to make an effort to come to terms on the milk ordinance passed sometime ago by the Charleroi council. The two committees, both of which had been empowered to act, practically came to an agreement, and doubtless at the next meeting of council, on Friday evening, when the council committee will make its report, matters will be definitely settled.

The milkmen made several objections to the ordinance, as it stood, but the council committee met them half way, and with the making of concessions by both bodies, agreements were nearly reached.

There are yet one or two things to be taken up, on which the milkmen stood solidly, but the Board of Health and the council will in all probability straighten out matters. The council committee refused to divulge for publication the nature of the matters over which the committees had failed to agree.

WILL SETTLE THE DISPUTES

Two Experienced Miners of
This District Honored
By Appointment.

Andrew Colvin, of Dunlevy and Charles E. Shaw, of Webster, have begun the work of investigating the new explosives in mines of District No. 6, as instructed by the international executive board of the United Mine Workers. Colvin and Shaw were chosen by the district executive board as a commission to investigate the use of the new powder, wherever a contention arose, and also to settle disputes arising from the use thereof.

Among the cases which Colvin and Shaw have taken up is one at Fayette City, where there has been some dispute over the new explosives. It is hoped to settle it shortly, along with others.

The men were notified of their appointment on Monday and went to work at once. Both are experienced miners, and fully qualified to do the duties for which they were chosen.

AMENDMENTS ARE ADOPTED

Latest Indication of Returns,
According to Clerk
Thorn

The Constitutional amendments abolishing the February elections which were thought to have been defeated, have been adopted, according to a statement made at noon yesterday by George D. Thorn, chief clerk of the State department.

Returns in from 63 of the 67 counties, and Mr. Thorn is able to estimate the remainder sufficiently to warrant his assertion.

"I believe all the amendments have been adopted except the seventh, as Philadelphia and Allegheny will overturn the adverse majorities against the others," said Mr. Thorn.

The seventh amendment is the one authorizing a change in the manner of choosing election officers.

Illustrated Lecture.

An illustrated lecture will be given at the Christ Lutheran church on tomorrow evening, under the auspices of the Brotherhood of Andrew and Phillip. The lecture will be in the Sunday School room, on "the Philippines." The lantern and slides were furnished by the Philadelphia Museum, of Philadelphia. The lecture will be free, and the public is invited.

Entertains Insurance Men

Metropolitan Insurance men of Charleroi were entertained last night by Hon. Edw. Callaghan, at "Easterly Terrace," his home on Maple Creek, to a supper and euchre. A good time was had by those present.

Institute Next Month

The fifty-fifth annual session of the Westmoreland County Teachers' Institute will be held in Greensburg High School building, December 29 to 31.

BROWN IS SENTENCED

Man Who Stole Local Horse
Gets Salty Dose on Plea
of Guilty.

"Bill" Brown, colored, charged with stealing a horse and wagon, entered a plea of guilty yesterday at the county court to the two charges. On the one he was sentenced to pay the costs, fine of \$1 and undergo imprisonment in the workhouse for a period of two years. On the second charge he was sentenced to pay the costs, fine of \$1 and to undergo imprisonment in the workhouse for a period of six months, to be computed after the expiration of the first sentence.

Brown was alleged to have hired a horse from Roley's livery stable in Charleroi. Afterwards he secured a wagon from Samuel Freedman. The outfit was driven to Monongahela, where Brown sold the horse. He was indicted by the grand jury last May, but was not apprehended until a few days ago.

BLUE AND SCARLET RECEPTION TONIGHT

Many Members of Masonic
Fraternity Expected
to Attend

The first reception of the Blue and Scarlet Association, composed of Master Masons, will be held tonight in the new Turner Hall at Monessen, and from indications the affair will be a big success. It is to be an informal affair, the Master Masons and their sons under 21 years of age with their ladies. Jenkins Orchestra of Charleroi will furnish the music.

Dancing will be the principal feature, but there will be others, among which will be a card table. Over 500 invitations have been issued to members of the Masonic fraternity along the valley.

The general committee in charge is composed of the following men: William Frantz, James B. White, Dr. H. W. Day, W. P. Kirk, J. G. Parke, Jr., J. K. Boyd, G. F. Wright, Dr. E. B. Slotterbeck, A. G. Dunlap, J. D. Chamberlain, Paul E. Teschke, C. S. Duvall, C. R. New, G. W. Greer, John S. Duvall.

The reception is the first of similar affairs planned for the winter season.

Will Issue School Bonds

The Independence school district will issue bonds to the amount of \$4,000 for school improvements. The bonds will be in the denomination of \$1,000, bear 4 1/2 per cent. interest and will run from November 15, 1911, to November 15, 1914, inclusive. The last preceding assessed valuation of the taxable property of the district is \$1,303,500, and the school indebtedness is nothing.

Coal Boats and
Barges Are Needed

Rivermen Awaiting a Rise So
They Can Move Immense
Amount of Coal.

Hundreds of empty barges and coal-boats are tied up along the Ohio river, waiting for sufficient water to bring them into the Pittsburgh harbor. If the Ohio is navigable, there would be a continuous season. And it would mean the development of many industries in this part of the State.—Monongahela Times.

DIXON BRINGS FORTH PLAN

Would Have Four Towns
Along Here Erect Joint
Disposal Plant.

Samuel G. Dixon, State Health Commissioner, has called attention to the health authorities of the need of the various towns to prepare for the erection of sewage disposal plants, and in notifying the health authorities along this valley, makes a suggestion that Baltimore, Charleroi, Donora and Monessen, erect a joint disposal plant. What action will be taken is not known.

In many places improvements in sewer connections will have to be made but not in Charleroi, where the sewer system is one of the most complete in the State.

MAKING MONEY FOR PAINTING OF CHURCH

Tonight the members of the First Baptist church give a supper in the church, to be known as an "Old Fashioned Supper." The affair promises to be all that has been said of it, and inasmuch as the Baptists have gained a reputation for suppers, should be well patronized. The proceeds will go for the painting of the church.

Fancy Drill in Prospect.

The Elite Drill Company, No. 5, Uniform Rank, Knights of Pythias, of Pittsburgh, have arranged to give a fancy drill exhibition in the Monongahela skating rink on Tuesday evening, November 23. The affair is being arranged jointly between the drill company and the Monongahela Military Band.

COMPLAIN THAT TRAINS OBSTRUCT CROSSINGS

Complaints have been entered that the Pennsylvania railroad, along this division do not obey the law in respect to the cutting of trains, after they have been standing more than the allotted time at public crossings. The time allowed for a train to occupy a crossing is five minutes. After the expiration of this period of time, the trains must according to law either cut them or move away altogether.

The Charleroi council has requested the railroad company to obey the law in this respect.

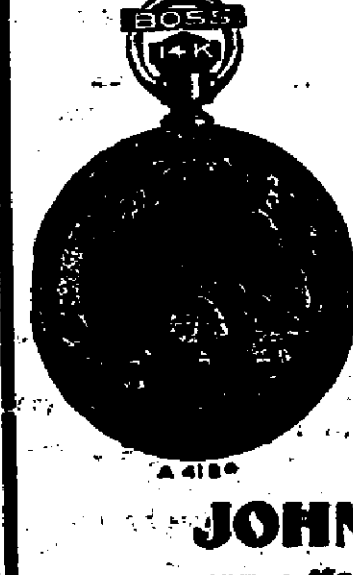

Tendered Surprise

Mrs. S. R. Riddle was tendered a pleasant surprise by a number of her lady friends last night, at her home at 601 Meadow avenue, in honor of her birthday. There were about 15 present, and the evening was enjoyably spent with various games and various social diversions. Lunch was served. Handsome presents of china-ware were tendered Mrs. Riddle.

SON OF HUNTER IS

"WISE" ON SEASONS

The Monessen Independent says that a good one was innocently pulled off in the schools yesterday when a teacher was hearing a special class. The first question was "How many seasons are there?" and one enthusiastic little youngster when given the opportunity to answer blurted out that there are six. He was asked to name them and started the class when he began with "rabbit" season. "Pig" came next and when the juvenile mind hit upon "Thanksgiving" as the next stop, a hall was called. It is not known where the thing would have stopped but the teacher was taking no chances.

COKE SHIPMENTS

ON THE INCREASE

Coke production in the Connellsville and Keadyke regions for the week ending last Saturday was the greatest in their history, reaching the enormous figure of 444,322 tons. For the first time 90.4 per cent. of the available ovens in the two regions are in blast, the total reaching 25,062, a gain of 241 over the preceding week. Shipments fell off, the total being 12,559 cars, which is 549 less than the previous week. The decrease was caused by a car shortage. The Pennsylvania Railroad is well supplied and in many cases it is placing cars for the Baltimore and Ohio, which is much in need of coke cars. The labor situation is better than at any time since the resumption, but there is a cry for all diggers and coke drawers. During the week 108 new ovens were fired by new coking concerns.

JUVENILE COURT

MAKES ITS REPORT

The report of the juvenile court for October shows that on October 23 the court had under its care 262 children. During the month there was one court hearing; numbers of cases in court, three; new cases placed on the report, six and total under care of juvenile court on November 1, 262. The number of cases settled out of court were four; calls made, 65; calls received at office, 35; reports made to juvenile officer, 100, and letters written, 44.

FIRST TEAM TO CROSS

OVER THE NEW BRIDGE

F. F. Underwood yesterday morning crossed the new bridge at Monongahela with the first team of horses. Mr. Underwood has the contract for hauling the wood block with which the roadway of the bridge will be paved, and which there are 180,000 pieces, and this morning taking one of his teams, drove to the other side of the bridge and returned the same way, the wagon being empty at the time.

The roadway is laid with 3-inch plank at present, but this roadway was sufficiently strong to permit the horses to make the trip without any danger. Work on the completion of the bridge roadway is progressing nicely.

CHARGED WITH SETTING

FIRE TO FARMER'S BARN

No formal charge of murder has been filed in Fayette county against Benjamin Gorman, alias Pasquel Roman, accused of killing a man at Lehighville coke works, four years ago. It is doubtful if there will be. The man is said to be nothing to base an indictment on except his alleged confession that he shot a fellow-miner twice. District Attorney David Handerson admitted that under circumstances a conviction would be impossible.

The county has been scoured for witnesses to the crime, but so far not one has been found. It is expected that Gorman, who married a wealthy Italian's step-daughter, will employ an attorney and secure his release through a writ of habeas corpus. This move was being made at Youngstown, where he was held for the Fayette county authorities, but Sheriff P. A. Johns, of Fayette County got him on a train before the writ was obtained.

EVIDENCE LACKING

IN MURDER CASE

It is likely that John Abbott of Monongahela, a brother of Ody Abbott, the well known baseball and football player, will be committed to Dixmont by the Fayette county authorities. Abbott was committed to jail yesterday afternoon at Uniontown on a charge of entering and setting fire to the barn of Frank Martin, near Fairbance recently, but although talking rational at times, seemed subject to fits of insanity. Ody Abbott was present, and said that his brother suffered from mental trouble, and had disappeared from home about a month ago.

Capital Punishment in Germany. Although little is heard outside Prussia of capital punishment within the kingdom, the law is by no means a dead letter. In seven years there have been ninety-eight executions, ten of the condemned being women. Slesia heads the list, with twenty-one executions, followed by Brandenburg, Posen and Rhineland.

No executions take place in Berlin, the condemned being taken to the prison at Plötzensee. In Brandenburg, where they have a standing gallows, London Globe.

The Mathematical Problem. Little Marion was busy at her "home work." After a great many perplexed frowns and much nibbling at her pencil she looked up and said:

"The only answer I can get to this example is 'five and three-fourths horses.' Do you suppose that is right, mamma?"

"Well, I don't know," answered her mother cautiously. "It sounds rather queer."

A Long Pause; then the small arithmetician's face lit up with a smile. "Oh, I know," she cried; "I'll reduce the three-fourths horses to colts!"—Woman's Home Companion.

"I know well," said the spinster, smiling behind her glittering spectacles, "that only discriminating praise counts as praise with you."
"Don't talk about discriminating praise," answered Mme. Calve. "Folksome flattery is good enough for me."

A woman is never well dressed until her feet are well dressed

The Red Cross Tanning Process

The ordinary sole is tanned in six weeks; sold used to hurry the tanning process and burn the leather. This is why ordinary shoes feel hot and heavy, why they draw your feet. The Red Cross sole is tanned by a special process that takes six months; you can head it double when new. LOOK FOR THE TRADE MARK

Such is the decree of Fashion and much foot-suffering has been the result.

You may believe as many other women have that you have to sacrifice comfort to get style. You don't. You can get both in the same shoe.

Come in now and let us show you the Red Cross Shoe.

The Red Cross styles for Fall will please the most critical taste. The extremely short appearance they give your foot make them strikingly attractive. You will like the season's newest models; the still shorter effects; the new tops; the higher heels daintily shaped; the rich tones in dull leather.

And you will find the Red Cross Shoe absolutely comfortable the moment you put it on.

It is not the shape of the Red Cross Shoe that makes it so easy to walk in. Tanned by the special Red Cross process, its sole is flexible, it bends with your foot. You can select any style you prefer and wear it right out of the store.

Come in today and let us fit you

Oxfords \$3.50 and \$4.00.
High Shoes \$4 and \$5.

BAD FIRE PREVENTED BY USE OF CHEMICAL WAGON

Conflagration In Store of
William Moss at Noon
Today.

DAMAGE IS NOT LARGE

Total Will Probably Not Be More
Than \$75 or \$100—Firemen
Work Fast.

But for the prompt use of the new combination chemical and hose wagon when flames broke out at 12:10 o'clock today in the store of William Moss on the first floor on the Odd Fellows building, a serious fire would have been the result. As it was the damage was confined to under \$100, covered by insurance.

The fire originated from a stove in the rear of the store room, it is supposed, having become overheated, while the clerk, a young lady, was at lunch and combustibles near the stove contracting the flames. The firemen were called out immediately, and although hindered by the volume of smoke which issued from the interior of the store, succeeded in getting the chemicals playing on the fire. These extinguished it in short order, with comparatively no damage to the building, and only a few goods in the immediate vicinity of the stove being damaged. Insurance was carried on the stock through the agency of John McKean.

This was the first occasion for the new chemical wagon to be brought into real use as a property saver, and to say it proved all that has been said of it, is not exaggerating one bit. It was solely due to it that the fire was extinguished at the time it was. The building, which is at the corner of Washington avenue and Fifth street, is an old one and if a fire would get a good start it would burn like tinder.

BAD NEGRESS GETS EN IN WRONG

Two men were arrested late Tuesday night by the police in Cherry alley near Fourth street, on a charge of disorderly conduct. Both were white. There was a colored woman in the case, she having enticed the two men and another one, it is alleged, that got away, into the alley for immoral purposes and to relieve them of their valuables.

Each posted a forfeit of \$5.00 for their appearance this morning, but failed to appear. No trace could be found of the colored woman afterwards. It is said that she is one of several women working a flim-flam game in Charleroi.

Burgess Reamer Is Acquitted By Court

Costs Are Divided, However,
Between Him and Constable
Watts.

At Greensburg yesterday in criminal court the assault and battery case of Constable E. L. Watts of Monessen against Chief Burgess Daniel Reamer of the same place was heard. Reamer was acquitted but the costs were equally divided. The case was the outcome of trouble in the burgess' office sometime ago, following the arrest of a man by Constable Watts, and the subsequent discharge of the same person by Burgess Reamer, because he was not arrested through a warrant.

Week.

Ministers and prominent laymen of many denominations will gather in Washington next week for the seventh annual convention of the Pennsylvania State Sabbath Association, which convenes in the First Methodist Episcopal church, East Beas street, Tuesday and Wednesday, November 16 and 17. Among the most important topics to be discussed by the convention will be the Sunday newspapers and the enforcement of the Sabbath observance or "blue laws."

The following bodies are requested to send two or more delegates to the convention: Each county auxiliary and each county committee where there is no county auxiliary, and presbyteries, synods, conferences, associations, evangelical alliances, or federation of churches, National Reform associations, ministerial meetings, congregations, Christian Endeavor and other young people's societies, Women's Christian Temperance Unions, Young Men's Christian Association, brotherhood chapters, labor unions, and all other bodies, associations and unions that favors men having a rest day.

MILK ORDINANCE MADE READY BY COMMITTEES FOR FINAL ACTION

Meeting Held In Fallowfield Township Last
Night—One or Two Points to be
Agreed Upon Yet.

The committee of council consisting of H. S. Peireol, J. Frew, and C. O. Frye, and the one from the Fallowfield Milkmen's Association, consisting of S. F. Nelson, W. A. Sphar, and Joseph Behrens, met last night to make an effort to come to terms on the milk ordinance passed sometime ago by the Charleroi council. The two committees, both of which had been empowered to act, practically came to an agreement, and doubtless at the next meeting of council, on Friday evening, when the council committee will make its report, matters will be definitely settled.

The milkmen made several objections to the ordinance, as it stood, but the council committee met them half way, and with the making of concessions by both bodies, agreements were nearly reached.

There are yet one or two things to be taken up, on which the milkmen stood solidly, but the Board of Health and the council will in all probability straighten out matters. The council committee refused to divulge for publication the nature of the matters over which the committees had failed to agree.

WILL SETTLE THE DISPUTES

Two Experienced Miners of
This District Honored
By Appointment.

Andrew Colvin, of Dunlavy and Charles E. Shaw of Webster, have begun the work of investigating the new explosives in mines of District No. 5, as instructed by the international executive board of the United Mine Workers. Colvin and Shaw were chosen by the district executive board as a commission to investigate the use of the new powder, wherever a contention arose, and also to settle disputes arising from the use thereof. Among the cases which Colvin and Shaw have taken up is one at Fayette City, where there has been some dispute over the new explosives. It is hoped to settle it shortly, along with others.

The men were notified of their appointment on Monday and went to work at once. Both are experienced miners, and fully qualified to do the duties for which they were chosen.

AMENDMENTS ARE ADOPTED

Latest Indication of Returns,
According to Clerk
Thorn

The Constitutional amendments abolishing the February elections which were thought to have been defeated, have been adopted, according to a statement made at noon yesterday by George D. Thorn, chief clerk of the State department.

Returns are in from 63 of the 67 counties, and Mr. Thorn is able to estimate the remainder sufficiently to warrant his assertion.

"I believe all the amendments have been adopted except the seventh, as Philadelphia and Allegheny will overturn the adverse majorities against the others," said Mr. Thorn.

The seventh amendment is the one authorizing a change in the manner of choosing election officers.

Illustrated Lecture.

An illustrated lecture will be given at the Christ Lutheran church on tomorrow evening, under the auspices of the Brotherhood of Andrew and Phillip. BROWN IS SENTENCED

Man Who Stole Local Horse
Gets Salty Dose on Plea
of Guilty.

"Bill" Brown, colored, charged with stealing a horse and wagon, entered a plea of guilty yesterday at the county court to the two charges. On the one he was sentenced to pay the costs, fine of \$1 and undergo imprisonment in the workhouse for a period of two years. On the second charge he was sentenced to pay the costs, fine of \$1 and to undergo imprisonment in the workhouse for a period of six months, to be computed after the expiration of the first sentence.

Brown was alleged to have hired a horse from Roley's livery stable in Charleroi. Afterwards he secured a wagon from Samuel Freedman. The outfit was driven to Monongahela, where Brown sold the horse. He was indicted by the grand jury last May, but was not apprehended until a few days ago.

BLUE AND SCARLET RECEPTION TONIGHT

Many Members of Masonic
Fraternity Expected
to Attend

The first reception of the Blue and Scarlet Association, composed of Master Masons, will be held tonight in the new Turner Hall at Monessen, and from indications the affair will be a big success. It is to be an informal affair, the Master Masons and their sons under 21 years of age with their ladies. Jenkins Orchestra of Charleroi will furnish the music.

Dancing will be the principal feature, but there will be others, among which will be a card table. Over 500 invitations have been issued to members of the Masonic fraternity along the valley.

The general committee in charge is composed of the following men: William Frantz, James B. White, Dr. H. W. Day, W. P. Kirk, J. G. Parke, Jr., J. K. Boyd, G. F. Wright, Dr. E. B. Slotterbeck, A. G. Dunlap, J. D. Chamberlain, Paul E. Teschke, C. S. Duvall, C. R. New, G. W. Greer, John S. Duvall.

The reception is the first of similar affairs planned for the winter season.

OFFICERS WILL MEET TO ORGANIZE FOR YEAR'S WORK

Coal Boats and
Barges Are Needed

Rivermen Awaiting a Rise So
They Can Move Immense
Amount of Coal.

Hundreds of empty barges and coal boats are tied up along the Ohio river, waiting for sufficient water to bring them into the Pittsburgh harbor. If the Ohio was improved with a 9-foot stage of water all the year it would put the business of this valley on a more stable basis, and instead of an average of 79 days per year in which the Ohio is navigable, there would be a continuous season. And it would mean the development of many industries in this part of the State.—Monongahela Times.

COMPLAIN THAT TRAINS OBSTRUCT CROSSINGS

Complaints have been entered that the Pennsylvania railroad, along this division do not obey the law in respect to the cutting of trains, after they have been standing more than the allotted time at public crossings. The time allowed for a train to occupy a crossing is five minutes. After the expiration of this period of time, the trains must according to law either cut them or move away altogether.

The Charleroi council has requested the railroad company to obey the law in this respect.

MAKING MONEY FOR PAINTING OF CHURCH

Tonight the members of the First Baptist church give a supper in the church, to be known as an "Old Fashioned Supper." The affair promises to be all that has been said of it, and inasmuch as the Baptists have gained a reputation for suppers, should be well patronized. The proceeds will go for the painting of the church.

Fancy Drill in Prospect.

The Elite Drill Company, No. 5, Uniform Rank, Knights of Pythias, of Pittsburgh, have arranged to give a fancy drill exhibition in the Monongahela skating rink on Tuesday evening, November 23. The affair is being arranged jointly between the drill company and the Monongahela Military Band.

A Live State Issue

The large number of cases that came before the juvenile court as embodied in the last report of the probation officer, shows most conclusively the necessity of this branch of the judiciary, as well as the urgent need of its amplification. In Washington county alone the records reveal a large number of delinquents whose conduct would either have been condoned or the youthful offenders dealt with in the same manner as adult criminals. The work accomplished here is sufficient to attest its importance.

Thus far the acts governing the operation of the juvenile court in this State are crude and inefficient. The enactment of the first measures seemed to indicate that the Legislature considered it but a sentiment in some quarters that must be catered to without any practical provisions for its operation. Consequently no provisions were made for the expense of the probation officers, or the investigation of cases, and this work has been done largely through the medium of private contributions. That the public was wiser and more public spirited than the Legislators has since been demonstrated by the liberal response to the expense fund for this work. There is urgent need for more extended provisions and application of the scope of the juvenile court, and this constitutes a really important State issue.

Close to the People

The statement that the average period of navigation down the Ohio river is but seventy-nine days, ought to stimulate every industrial and commercial interest in this community to work for the proposed Government improvements on the Ohio, and to commit one and all unalterably to this end as a National policy. Seventy-nine days out of the year in which coal from this section, as well as other industrial products, can be supplied in the southern markets, must of necessity curtail production here, restrict labor, and hamper developments generally. A nine-foot channel in the Ohio would mean

many more months' work in the mines in this section, which are idle portions of the year, waiting for a "rise."

It is important for the people of this section to keep this issue uppermost in their minds. It is a National issue, and the only one that directly affects industry, trade and commerce of the whole community. More work in the mines makes more trade, and a boating stage in the Ohio the whole year around will keep the mines going steadily. That means prosperity and happiness all around, and for that reason agitation for the Ohio improvement policy should become a living rule of action.

Public Opinion

Aroused by the hostile sentiment of the public and the crusade for railroad regulation, the big railroad interests have been sitting up and taking notice as how best to allay this sentiment. For that purpose the

executive committee of the Railroad Business Association has been making an investigation during the past year, and has just submitted its report.

This report states that there is likely to be no more agitation if the "reasonable desires of the patrons are not disregarded by the management of the railroads." This is so simple a remedy that the wonder is that the big corporations have not read the handwriting on the wall years ago. The "public be damned" policy that has been the rule with the railroads in the past has borne fruit, and now the corporations are crying quits. They are willing to give the public their rights if the public will let up on them. It has proven a costly experience, but they have learned that the autocracy of their past line of conduct will be no longer tolerated.

ELECTRIC SPARKS

With many it's not a question of religion, rather what's the price.

President Taft is satisfied with his trip. Any man who was treated to so many things to eat, as he was, ought to feel pretty well satisfied.

Smoking does not always have a weakening effect. Locomotives can pull something like 6,100 tons.

The necessary articles having been signed those eminent Americans, Jeffries, and Johnson, will now proceed to lick each other good and hard, until the eve of the final battle, when one or the other is bound to get it good and proper.

Love always is blind to defects, but when love culminates in a marriage, look out.

Here's a case of where twins were so much alike that when one ate watermelons, the other had the colic.

The reason some people plead insanity, after they have committed murder is because it is so deuced handy.

The King of Greece is in danger of losing his job, as they say. He might hunt up Castro and get some fancy as well as helpful ideas on revolution.

Apparently hypnotism and football have been put in the same class, the only difference is that you kill 'em in hypnotism by easy stages, whereas in football you batter them to death.

The drunken man who advises others against the use of tobacco, as chewing gum, evidently considered himself a horrible example.

All you have to do to stir up a lot of excitement hereabouts is to say something about the Acheson crowd.

An exchange remarks that "our High school boys play some high class football." Does that mean they have killed or mangled a larger number than usual this year?

New Burgess Appointed

William V. Winans has been appointed by the Fayette county court as Burgess of South Brownsville and takes up his office. Mr. Winans is a well known man, and for nine years was a councilman. His appointment was received with joy by the South Brownsville people. The vacancy was caused by the resignation of Robert Aubrey.

Loose of Belt Buckle advertised Nov. 12 can have same by calling for No. 8 Mail office.

Henry McDermott is confined to his home by illness.

"GOOD LOOKING" COUNCILMEN HERE

Today part of the Washington council, according to one of the members, the "good looking part," made a trip over the proposed route of the Pittsburgh, Monongahela and Washington Street railway, in automobiles, being the members who did not take the trip several days ago. The party consisted of E. E. Hunt, W. E. Spriggs, George B. Fulton, C. M. Johnson, Thomas A. McNary, C. Rush, A. L. Eakin, James A. Magill, Eldridge Tucker and G. L. Norciss. The trip was made direct from Washington to Charleroi, where dinner was taken at the Wilbur Hotel, the party leaving at 1:30 for Marianna.

FRITZ THE WANDERING MUSICIAN AT COYLE

An interesting and attractive performance of a new play "Fritz, the Wandering Musician" will be seen at the Coyle Theatre this evening. The piece is a four act musical comedy drama by Crane Wilbur. The plot is laid in Kentucky and revolves about the effort to obtain by murder and chicanery the possession of a valuable Blue Grass estate. As the vivacious musician, who serves also as a "deus ex machina," always appearing in time to save the blushing hero.

JOE HORTIZ, The Wandering Musician.

Joe Hortiz has an admirable opportunity to display his histrionic abilities, and he is said to rise to the occasion. His songs in the second and third acts are said to be repeatedly applauded. Anna Whitford does some clever work as Dolly, the persecuted heiress, and another picturesque performance is said to be that of little Baby Valentine as Tess. Bertha Blank is a humorous colored wench, and M. Stroman evokes considerable laughter as Rev. Napoleon Bonepart.

DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Paw Paw, Mich.—"I suffered terribly from female ills, including inflammation and congestion, for several years. My doctor said there was no hope for me but an operation. I began taking Lydia E. Pinkham's Vegetable Compound, and I can now say I am a well woman."
EMMA DRAFER.

Another Operation Avoided.
Chicago, Ill.—"I want women to know what that wonderful medicine, Lydia E. Pinkham's Vegetable Compound, has done for me. Two of the best doctors in Chicago said I would die if I did not have an operation, and I never thought of seeing a well day again. I had a small tumor and female troubles so that I suffered day and night. A friend recommended Lydia E. Pinkham's Vegetable Compound, and it made me a well woman."—MRS. ALVENA SPERLING, 11 Langdon St., Chicago, Ill.
Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.

Dog Finds Hunter's Corpse.

Guided by the yelps of a dog, when hunting for James Sampson of the western end of the county, who had been missing several hours, found the man's body with the head torn nearly off by the bursting of his shotgun. Sampson had left home in the morning to hunt rabbits. Sampson, who was 36 years old, leaves a wife and two children.

CURES REMOVE DOUBT ABOUT ECZEMA CURE

Read What Your Druggist Says About Oil of Wintergreen.

For several years we have announced, with our recommendation, that we had found a positive cure for eczema; a simple skin wash of oil of wintergreen compounded with other healing ingredients.

Yet we know there are people right in this town who have eczema, and still have never tried this remedy.

We have, therefore, arranged with the D. D. D. Laboratories of Chicago for a special offer of a trial bottle at 25 cents instead of the \$1.00 bottle as regularly sold.

We offer this trial bottle with our recommendation and assurance that just as soon as the patient washes his itching skin, this mild liquid will take the itch away instantly.

Cemeteries of 4,000 Dogs.
A beautiful dog cemetery was founded on the Ile des Baraques, near Paris, in 1809. There are already 4,000 "graves" in the cemetery. Some of them, leased for a long term, have cost as much as 2,000 francs. The lowest price paid for any concession is 5 francs, and the expenses of the most discreet burial are 25 francs. Visitors to the cemetery pay 50 centimes as an entrance fee. On one of the tombstones they may read, "Homage to a faithful heart," and on another, "Here lies Black, killed by a civilized savage." The above victim, explains the keeper, died at the hands of an indignant clergyman. Another marble slab mounted on cement rock contains the following: "Neither name nor date; what matters it?" And again, "Beneath these stones reside the material remains of that which during its life was my joy and my consolation."

Fox—There is one thing that I can say for Badger. Whenever he goes shooting his family is sure of game. Knox—Why, is he such a good shot? Fox—No. But it really doesn't make any difference whether he shoots anything or not, for if he doesn't get any game his wife makes game of him.

Good Reason.
"Well, Johnny, do you wish you were a grownup man?"
"You bet I do."
"But why?"
"So people wouldn't ask me such fool questions."—Exchange.

Muddled.
She—Of course I'm not as old as you think I am.
He—I hope not—I mean you can't be that is—how old are you?—Cleveland Plain Dealer.

FATHER 80-MOTHER 76

The aged father and mother of a prominent Boston lawyer safely carried through the last two winters by

Vinol

The son says: "My father and mother owe their present strength and good health to Vinol. During the last two trying winters neither of them had a cold, and were able to walk farther and do more, than for years. I think Vinol is perfectly wonderful. It certainly is the greatest blood-making, strengthening tonic for old people I ever heard of."

We want every feeble old person in this town to try Vinol. We will return their money without question if it does not accomplish all we claim for it.

SON OF HUNTER IS

"WISE" ON SEASONS

The Monessen Independent says that a good one was innocently pulled off in the schools yesterday when a teacher was hearing a special class. The first question was "How many seasons are there?" and one enthusiastic little youngster when given the opportunity to answer blurted out that there are six. He was asked to name them and startled the class when he began with "rabbit" season. "Pig" came next and when the juvenile mind hit upon "Thanksgiving" as the next stop, a halt was called. It is not known where the thing would have stopped but the teacher was taking no chances.

COKE SHIPMENTS

ON THE INCREASE

Coke productions in the Connells-ville and Klondyke regions for the week ending last Saturday was the greatest in their history, reaching the enormous figure of 444,382 tons. For the first time 90.4 per cent. of the available ovens in the two regions are in blast, the total reaching 35,062, a gain of 241 over the preceding week. Shipments fell off, the total being 12,859 cars, which is 549 less than the previous week. The decrease was caused by a car shortage. The Pennsylvania Railroad is well supplied and in many cases it is placing cars for the Baltimore and Ohio, which is much in need of coke cars. The labor situation is better than at any time since the resumption, but there is a cry for all diggers and coke drawers. During the week 108 new ovens were fired by new coking concerns.

JUVENILE COURT

MAKES ITS REPORT

The report of the juvenile court for October shows that on October 23 the court had under its care 262 children. During the month there was one court hearing; numbers of cases in court, three; new cases placed on the report, six and total under care of juvenile court on November 1, 262. The number of cases settled out of court were four; calls made, 65; calls received at office, 85; reports made to juvenile officer, 109, and letters written, 44.

FIRST TEAM TO CROSS

OVER THE NEW BRIDGE

F. F. Underwood yesterday morning crossed the new bridge at Monongahela with the first team of horses. Mr. Underwood has the contract for hauling the wood block with which the roadway of the bridge will be paved, and which there are 180,000 pieces, and this morning taking one of his teams, drove to the other side of the bridge and returned the same way, the wagon being empty at the time.

The roadway is laid with 3-inch plant at present, but this roadway was sufficiently strong to permit the horses to make the trip without any danger. Work on the completion of the bridge roadway is progressing nicely.

CHARGED WITH SETTING

FIRE TO FARMER'S BARN

No formal charge of murder has been filed in Fayette county against Benjamin Gurman, alias Pasqual Roman, accused of killing a man at L. Belle coke works, four years ago. It is doubtful if there will be. There is said to be nothing to base an information on except his alleged confession that he shot a fellow-workman twice. District Attorney David Henderson admitted that under circumstances a conviction would be impossible.

The county has been scoured for witnesses to the crime, but so far not one has been found. It is expected that Gurman, who married a wealthy Italian's stepdaughter, will employ an attorney and secure his release through a writ of habeas corpus. This move was being made at Youngstown, where he was held for the Fayette county authorities, but Sheriff P. A. Johns, of Fayette County got him on a train before the writ was obtained.

EVIDENCE LACKING

IN MURDER CASE

It is likely that John Abbott of Monongahela, a brother of Ody Abbott, the well known baseball and football player, will be committed to Dixmont by the Fayette county authorities. Abbott was committed to jail yesterday afternoon at Uniontown on a charge of entering and setting fire to the barn of Frank Martin, near Fairchance recently, but although talking rational at times, seemed subject to fits of insanity. Ody Abbott was present, and said that his brother suffered from mental trouble, and had disappeared from home about a month ago.

Capital Punishment in Germany. Although little is heard outside Prussia of capital punishment within the kingdom, the law is by no means a dead letter. In seven years there have been ninety-eight executions, ten of the condemned being women. Silesia heads the list, with twenty-one executions, followed by Brandenburg, Posen and Rhineland.

No executions take place in Berlin, the condemned being taken to the prison at Plötzensee. In Brandenburg, where they have a standing gallows. —London Globe.

The Mathematical Problem.

Little Marion was busy at her "home work." After a great many perplexed frowns and much nibbling at her pencil she looked up and said:

"The only answer I can get to this example is 'five and three-fourths horses.' Do you s'pose that is right, mamma?"

"Well, I don't know," answered her mother cautiously. "It sounds rather queer."

A long pause; then the small arithmetician's face lit up with a smile. "Oh, I know," she cried; "I'll reduce the three-fourths horses to colts!" —Woman's Home Companion.

Mme. Calve at a ladies' luncheon was condoned by an elderly spinster on the ground that a laudatory article about her had not been very subtle or discriminating.
"I know well," said the spinster, smiling behind her glittering spectacles, "that only discriminating praise counts as praise with you."
"Don't talk about discriminating praise," answered Mme. Calve. "Pulsome flattery is good enough for me."

A Neat Selection.
"That's a nice umbrella you have there."

"It certainly does. Where did you get it?"

A woman is never well dressed until her feet are well dressed

The Red Cross Tanning Process
The ordinary sole is tanned in six weeks; acids used to hurry the tanning process and burn the leather. This is why ordinary shoes feel hot and heavy, why they draw your feet. The Red Cross sole is tanned by a special process that takes six months—you can bend it double when new.
LOOK FOR THIS TRADE MARK

Such is the decree of Fashion and much foot suffering has been the result. You may believe as many other women have that you have to sacrifice comfort to get style. You don't. You can get both in the same shoe.
Come in now and let us show you the Red Cross Shoe.
The Red Cross styles for Fall will please the most critical taste. The extremely short appearance they give your foot make them strikingly attractive. You will like the season's newest models; the still shorter effects; the new tops; the higher heels daintily shaped; the rich tones in dull leather.
And you will find the Red Cross Shoe absolutely comfortable the moment you put it on.
It is not the shape of the Red Cross Shoe that makes it so easy to walk in. Tanned by the special Red Cross process, its sole is flexible, it bends with your foot. You can select any style you prefer and wear it right out of the store.
Come in today and let us fit you.
Oxfords \$3.50 and \$4.00.

NOTICE TO THE PUBLIC

NOTICE is hereby given that stores which use the name of LOUIS BEIGEL will be prosecuted to the full extent of the law. I do this for the reason that certain people have gained the impression that I am the proprietor of more than one shoe store. I hereby state that I am in no shape or manner connected with any other shoe store than the one located at 419 McKean Avenue, Charleroi, Pa. I make this statement so that the people will not be fooled into patronizing any of the so-called "sample" stores using my name, and afterwards find that they were not dealing with the old reliable firm which has for seventeen years been doing business in Charleroi. Unprincipled methods have been introduced by shoddy dealers of the city who send out to the public shoes of inferior quality and unreliable goods. We hereby warn our patrons as well as those of other reliable stores, to look out for stores that use our name and pretend that I am the owner of such stores.

Our Motto is: Solid Leather Shoes at Popular Prices.
